To Whom It May Concern

Subject: Letter of Reference: Urban Environmental

Dear Sir/Madam

We own a 32 Suite Rental Apartment Building located at 1240 St. Georges Ave., in North Vancouver.

Over 3 years ago, we decided to install a Fire Sprinkler System to ensure the safety of our Tenants. Each month, we moved a Tenant to a vacant Suite and performed demolition (including Asbestos Removal), Sprinkler install and remediation work (including new wallboard and finish paint). This work required careful planning and exact scheduling by our Contractors.

As Owners, we are very pleased that this 3-year project has been completed.

Urban Environmental (led by Mr. Jason Thomas) had his team of skilled Tradesmen do all Hazmat work (Asbestos Removal) in each Suite. We are extremely satisfied with the quality of the work performed by Urban Environmental.

We fully recommend Urban Environmental for any project contemplated. Skilled, Honest, On-time, and On-Budget. 3-year relationship that 'never' let us down...We are 'so' happy with this work!

Feel free to ask any questions kdc@iesl.com or my personal cell: 604 312 5767. I would be happy to confirm this letter of reference and the fact that Urban Environmental will be working on our next project (coming soon) ...

Kind Regards,

Douglas Cullen
